Dear Sirs:

The Microsoft trial squandered taxpayers' dollars, was a nuisance to consumers, and was a serious deterrent to investors in the high-tech industry. It is high time for this trial, and the wasteful spending accompanying it, to be over. Consumers will indeed see competition in the marketplace, rather than the courtroom. And the investors who propel our economy can finally breathe a sigh of relief. Take action soon.

Sincerely,

Edna Earle and Raiford Crews
